

INTRODUCING THE NEXT GENERATION
OF SCLERAL LENS DESIGN

“A new generation of vaulting scleral lens which incorporates numerous unique features, making it the world’s smartest scleral lens design”

SMART4Z

SCLERAL LENS DESIGN

CENTRAL VAULT ZONE (CVZ) | PERIPHERAL CORNEA ZONE (PCZ) | LIMBAL LIFT ZONE (LLZ) | SCLERAL LANDING ZONE (SLZ)

16 LENS
DIAGNOSTIC
FITTING SET

The **SMARTLENS** is the first simplified engineered scleral lens made with a unique Smart4Z design feature, integrating (4) independent customizable zones to allow parameter changes to be made simply and smartly for each cornea shape and size. Conveniently available in 3 lens diameters with a 16-lens diagnostic lens set, a wider range of patients can be **easily fit with a first fit success rate higher than ever before!**

The **SMARTLENS** simplifies scleral lens fitting unlike any other scleral lens design, with complete customization control for increased patient success.

360°

- (02)** 15.0 DIAMETER SYMMETRIC LENSES
- (07)** 15.5 DIAMETER TORIC LANDING LENSES
- (07)** 16.5 DIAMETER TORIC LANDING LENSES

UNIQUE SMARTLENS PROVIDES

LIMBAL AND SCLERAL ZONE TORICITY (TORIC HAPTICS)
QUADRANT SPECIFIC CONTROL OPTION
FRONT TORICITY
PROLATE AND OBLATE CORNEAS
ALL IN ONE DESIGN!
