

Multipurpose Solutions

OPTICS

Oté Sensation All-in-one

Premium hyaluronate solution for soft contact lenses

In addition to complete protein removal, this innovative hyaluronic solution has a dual antibacterial action. With the addition of high-quality hyaluronate, Oté Sensation offers incredibly high wearing comfort.

What are its functions ?

Clean, insert, condition, hydrate and remove the protein layer, disinfect, rinse and moisten all types of soft lenses.

Oté Fine

Multipurpose solution all in one

Comfort solution for hard gas-permeable contact lenses.

This all-in-one solution for RGP contact lenses provides optimal cleaning and comfort. This fluid also has very good disinfecting qualities and is ideal for Ortho-k contact lenses.

What are its functions ?

Cleaning, disinfection, conservation, placement and wetting of RGP contact lenses.
